

AXIUM D7

The Smart, Easy & Efficient ECR Solution

- Feature-rich and modular Android ECR and payments solution
- Built on a powerful touchscreen tablet POS
- Innovative, easy-to-use and end-to-end store management capabilities
- Open Android platform for easier development and access to feature-rich apps
- Compatible with the Telium TETRA ecosystem, including tools, security, payment apps and remote management

The Axiom D7 is a scalable and modular tablet-based ECR solution that helps merchants build smarter businesses and create personalized in-store experiences.

Store Hub Capabilities

The Axiom D7 includes stock and staff management, e-receipts, and store backup and reconciliation. It also features hardware connections for a cash drawer, scale and barcode reader.

Scalable Cloud Services Platform

The Axiom D7 connects stores to the Ingenico Cloud Services Center, a scalable platform for POS as well as business and analytics services.

PCI-Compliant & Open Android Environment

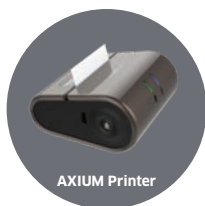

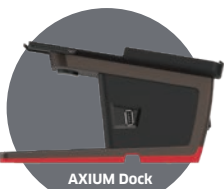

The Axiom D7 empowers merchants with a PCI-compliant and open Android platform for flexible development and convenient app store access.

Flexible & Comprehensive Payment Acceptance

The Axiom D7 accepts all payment methods, including magstripe, EMV, NFC/contactless, alternatives such as QR codes and cross-channel capabilities.

Sleek & Modular Design

With a large 7" HD interface and thin, lightweight design, the Axiom D7 offers a wider viewing angle as well as a physical keypad and audio kit for improved accessibility. An optional docking station and printer module also help support a wide range of use cases.

Processor	Application & crypto processor	ARM Cortex-A7 Quad Core & Secure Cortex A5	●
OS		Android 7 initially, Android 8 ready Telium TETRA OS	● ●
Memory	Internal External	16 GB Flash, 2 GB RAM MicroSD up to 32, 64 or 128 GB	● ●
Card Readers		Smartcard, Magstripe & Contactless	●
Merchant Display	Color, multi-touch capacitive	7" IPS HD (1280x800 pixels)	●
Customer Display	Color, touch capacitive	2.4" QVGA	●
Keypad	On customer side	15 keys, raised Marking, backlit	●
Camera	Front Rear	2MP 5MP autofocus / flash	● ●
Data Capture	Location	GPS tracking	Optional
Terminal Connectivity	Wireless	e-Sim (Connectivity/Manager solution) 4G (fallback 3G/2G) WiFi (Dualband) Bluetooth 4.2 (BLE, Beacon) Ethernet (with AXIUM Dock)	Optional Optional ● ● Optional
Battery	Li-ion	4000mAh	●
Terminal Size		10.3x4.6x2.2" (262 x 118 x 55 mm)	●
Weight	Terminal + battery	17.6 oz (500g)	●
Accessories	AXIUM dock AXIUM printer	Charging, printing, Wi-Fi / Ethernet / USB 30L/s	Optional Optional
Security		PCI PTS 5.x certified	●
